Roblox (Kohau) Greetings

For Rhys: Join the main game and click the “Greetings” button.

For anybody else: All my greetings FROM THE MAIN GAME will be below. I wish you the best of luck if you use these. Anything starting with & is a NOTE. Do not paste these notes into Kohau.

Welcome: Hello! My name is <insert Roblox username OR real name if comfortable here> and I will be serving you today! First, how many people will be in your party?

Type of Area: Ok, where would you like to sit? we offer booths, tables, grills and gamepass dining! (must have gamepass).

Seating Area: Would you like upstairs or downstairs and inside or outside?

To seating area: Fantastic! Let me bring you to your wonderful seat!

& Bring them to their seat. Only then will you say the drinks chat message.

Drinks: Firstly, what would you like to drink? The menu is in your inventory.

Grabbing Drinks: Awesome! Give me a few seconds to get your wonderful drink(s)!

& Bring the customer(s) their drinks. Then, say the appropriate chat message. In this case, it is the Appetizer message. It will be below.

Appetizer: Now that you have your drinks, What appetizers would you like?

& Keep in mind, you can make up your own “Getting (whatever it is, Appetizer, Entrée, Dessert.)” chat message if you want to. If not, this is a message you can use: Wonderful! I’m getting your

Appetizer(s)/Entrée(s)/Dessert(s) now! Once they have their appetizers, move on to the Entrée chat message.

Entrée: Lovely! Would you like any entrees?

& You can use the message for Getting stuff above, or you can make your own. It’s your choice. Finally, once they have their entrée(s), move on and ask them if they want any dessert. A message will be below.

Dessert: Would you like any desserts? If yes, look at the menu and tell me what you would like. If not, Farewell! Hope you have a lovely day/night!

& If they say no, allow them to leave the table. If they say yes, make their dessert(s). After they have their desserts, send the Farewell message. It will be below.

Farewell: Thank you for letting me be your chef for today! Hope to see you again sometime! Bye!

This is all for a Roblox game called “Kohau Hibachi Restaurant”. The link to the game and Roblox group will be below.

Kohaú Hibachi Restaurant | Play on Roblox is the Roblox game link, and Kohaú - Roblox is the Roblox Group page.

& If there is a troller, go through protocol. I’ll give you a short rundown.

First, ask them to stop trolling. If they continue, warn them with !warn <username> <reason>. Example: !warn rhys072016 Disrespectful.

That command would warn the player named rhys072016 (for the example, that’s me) for the reason Disrespectful. Do that 3 times, each for a valid reason. After that, contact a MR+ to deal with the situation. Good luck playing Kohau. Keep in mind that

you have to first attend a interview to become Trainee, and then you have to do a training at a scheduled time to become a full Junior Hibachi Chef. If you want to get promoted past that rank, earn points. You can earn points by cleaning tables, giving customers food, etc. Once again, good luck.
